

# Samsung Galaxy Tab® Active SmartSled®

## Samsung Galaxy Tab® Active SmartSled®

The typical business tablet requires diverse features such as water/dust/drop protection, security, flexibility and productivity. The proposed challenge to find a tablet with high performance barcode scanning capability has found a solution.

The Samsung Galaxy Tab Active SmartSled® enables the IP54 rated, B2B Tablet for business customer relation management (CRM), supply chain management (SCM), workforce management (WFM), contact center, and point of sale (POS) applications.

KOAMTAC's patented SmartSled design protects the user's investment by providing an easy upgrade option.

The Samsung Galaxy Tab Active SmartSled comes with a 1D laser or 2D imager barcode reader option. The 1D laser barcode solution provides an economical and fast scanning experience for budget conscious projects, and the 2D imager provides a high-end scanning solution that provides generous barcode scanning capability and the ability to scan all major 2D barcodes, such as QR and PDF417 codes. The future of the EMV/MSR/NFC option will provide full transition options with innovative KTSync® data collection and application generation tools.

### ADVANCED FEATURES

- Optimal scanning capability with two scan buttons
- Collapsible stand for optimal views
- Convenient handle for on the go carrying
- EMV/MSR/NFC option available in 2Q of 2015
- 1D laser (KDC20) or 2D imager (KDC30) barcode reader option

- CE Certified

# Samsung Galaxy Tab® Active Single Battery

## Samsung Galaxy Tab® Active Single Battery Charging Kit

Stay charged with the convenient Samsung Galaxy Tab Active charging kit. Each kit includes a optional spare battery (sold separately) and a charging case that provides users with a peace of mind and provides portable power when you need it most.

The durable protective case is complete with a cover door that protects your battery, while it charges and serves as a compact accessory. Simply slip your spare battery into the charging storage compartment and plug in your USB 3.0 charging cable for lightning fast charging. Complete with a LED lighting system, the charging kit will indicate a red light for charging and a green light for a fully charged battery.

The incredible size of the Samsung Galaxy Tab Active Battery Charging Kit makes it easy to charge at home or on the go.

### ADVANCED FEATURES

- USB 3.0 connector enables faster charging from USB port
- Enhanced charging protection
- Optional spare 4450 mAh battery (sold separately)
- Stores and protects spare battery with high quality cover door
