

Genuine Zebra® Mobile Accessories

Enhance your mobile printing solution with Genuine Zebra Accessories.

Zebra mobile printers add efficiency and convenience to a variety of applications. When you complement them with Zebra mobile accessories, you can maximize the benefit of your mobile printing solution. From chargers to cases, you'll find Zebra quality in everything we offer.

Accessories for Zebra Mobile Printers

Zebra offers a variety of chargers and batteries, cases and boots, cables and radios, and carts and mounts to meet the needs of multiple applications. Use Zebra accessories to add to the convenience, durability, and efficiency of your mobile printing applications. Ask your reseller or visit www.ZipZebra.com for more details on accessories for your printer.

Power Management

Efficient power management for your mobile printer.

BATTERIES

QL™ Series, RW™ Series and TR 220™ (PGP 1000) Lithium Ion Batteries

Lithium-ion (Li-Ion) cells represent the latest in mobile battery technology. They offer higher power-to-volume and power-to-weight than their nickel metal hydride and nickel cadmium counterparts. Zebra utilizes Li-Ion technology in its newer RW series, QL series and TR 220 printers.

PRINTER BATTERY	PART NUMBER	AMPERE-HOURS	VOLTAGE
QL 220™	AT16004-1	2.1	7.4
QL 320™	AT16004-1	2.1	7.4
QL 420™	AT16293-1	4.2	7.4
TR 220 (PGP 1000)	105822-001	1.9	7.5
RW 420™	AK17463-005	2.0	7.4

Cameo® and Encore® Series Nickel Metal Hydride Batteries

Nickel metal hydride (NiMH) battery technology was chosen for the Cameo and Encore printer lines because it efficiently supplies the widely variable power requirements of thermal printers. NiMH batteries offer a higher energy density (favorable ratio of capacity to size) than NiCds.

PRINTER BATTERY	PART NUMBER	AMPERE-HOURS	VOLTAGE
Cameo 3, 3N, or 3SC	CC15294-3	1.6	7.2
Cameo 2 or 2SC	CC14035-3	1.6	7.2
Encore 2	DC13300-2B	1.6	7.2
Encore 3 or 3N	DC15002-2B	1.6	7.2
Encore 4 or 4SE	DC13706-1	2.2	7.2

PA™/PT™ Series Nickel Cadmium Batteries

Nickel cadmium (NiCd) cells have been used in mobile printers for many years and offer high-power battery technology. Zebra utilizes NiCd technology in its PA and PT series of mobile printers.

PRINTER	PART NUMBER	AMPERE-HOURS	VOLTAGE
PA/PT Series Standard Battery	505081M	0.7	14.4
PA/PT Series Extended Life Battery	505080M	1.4	13.2

POWER SUPPLIES

QL Series, RW Series and TR 220 (PGP 1000) Lithium-Ion Power Supplies

QL 220/QL 320/QL 420/RW 420 Fast Charger (AT15759-1, US/Japan): Charges a single RW or QL series battery at a time in 2-5 hours.

Quad Charger (AT16305-1, US/Japan): Charges up to 4 RW or QL series batteries at a time in 2-5 hours.

Running Charger (CC16614-4): A perpetual charge via a direct connection to the battery from AC power.

TR 220 (PGP 1000) Single Bay Charger (105822-003, US/European power cord): Charges a TR 220 (PGP 1000) battery in 4 hours.

QL Series AC Battery Eliminator: Unpopulated battery pack for running your printer off AC power in stationary applications.

PRINTER	PART NUMBER
QL 220/320 (no stand)	AN17213-1
QL 220/320 (with printer stand)	AN17214-1
QL 420 (no stand)	AN17213-2
QL 420 (with printer stand)	AN17214-2

Cameo and Encore Series Nickel Metal Hydride Chargers

Cameo/Encore Series Chargers

Fast Charger (AT15244-1, US/Japan): Charges a single Cameo or Encore series NiMH battery at a time in approximately 2-3 hours.

Quad Charger (AC15482-1, US/Japan): Charges up to 4 Cameo or Encore series NiMH batteries at a time in approximately 2-3 hours.

PA/PT Series Nickel Cadmium Chargers

PA/PT Series Chargers

Universal Charger (567001, without cord) or (561020, US Power Cord): This brick charger comes with a separate cord for customization to international requirements. The universal charger charges PA/PT batteries while in the printer in approximately 2.5 hours.

Multiple Charger

Base Kit (52668-01, US Power Cord): Order the external battery charger base kit to charge one PA/PT battery in about 2.5 hours while replacing the battery in the printer with a charged spare.

Additional Charging Station Module (52577): Up to 4 additional charging stations can be attached to the base kit for charging up to 5 PA/PT batteries at one time.

120VAC (567000, US power cord): This basic charger can be ordered for US applications to charge a PA/PT battery in 2.5 hours.

Connectivity

Options and accessories for simple connectivity.

PS 2100™ Series Terminal and System Batteries

The PS 2100 series features a dual battery design. Lithium-ion battery technology is used for the control module, and the system base utilizes nickel metal hydride battery technology. If a replacement is needed during the product's lifecycle, it can be ordered with the part numbers below.

BATTERY	PART NUMBER	AMPERE-HOURS	VOLTAGE
System	DC15594-1	8	7.4
PS 2100 Control Module	AT15552-2	2	7.2

Bluetooth®/Zebra Portable Radio (ZPR)

Add the Bluetooth option to your Zebra mobile printer and you can communicate with one or more computers (e.g. PDAs, PCs) enabled by a Compact Flash (CF) card or embedded Bluetooth radio chip. For Symbol® terminal users, it's as easy as clipping on a Zebra Portable Radio (P/N: RFD0521) (ZPR) with Bluetooth!

Zebra Portable Radios clip onto Symbol SPT 1700/1800 or PPT 2700/2800 to add Bluetooth functionality, for communicating to your Bluetooth-enabled Zebra mobile printer.

Bluetooth radios can be configured in the Zebra Cameo, RW and QL series printers.

QuickLink™ Modules

The QL series' QuickLink modules offer the flexibility to adjust to a wide range of connectivity needs with built-in secure encryption. As needs change, so can QuickLink modules.

PRINTER	WIRELESS UPGRADE OPTION	P/N
QL 220	Bluetooth	CC16709-1
QL 220	802.11b (CF-End-Cap Antenna)	CC16710 -1
QL 220	802.11b (CF-External Antenna)	CC16710 -2
QL 320/QL 420	IrDA	CC16644-1
QL 320/QL 420	Bluetooth	CC16225-1
QL 320/QL 420	802.11b (CF-End-Cap Antenna)	CC16232-1
QL 320/QL 420	802.11b (CF-External Antenna)	CC16651-2

Vehicle Power Supplies

You won't have to worry about keeping a charge on the road with Zebra vehicle power supplies.

Cameo/Encore Series

Charge your printer while on the road with the trickle charge vehicle adapter with cigarette lighter adapter (P/N: AT15390-1), which charges Cameo/Encore NiMH batteries in about 10–14 hours.

PA/PT Series

Plug the PA/PT vehicle power adapter into your cigarette lighter (P/N: 52660) or connect directly to your battery with our high-power DC/DC converter (P/N: 52500), thus eliminating the need for a battery.

Cables

Zebra printers offer flexible wireless and wired connectivity. Our selection of cables meets the needs of mobile users to connect with the most popular handhelds and scanners on the market. As new terminals are introduced, Zebra adds new cables to keep options open for our mobile printer users.

PA/PT, RW 420 Cables: Zebra offers a variety of cables to connect from the PA/PT or RW 420 RJ-45 connection to your handheld unit (see your Zebra sales representative for a current list of available cables).

Cameo/Encore/QL Series Cables: For our 8 pin DIN printers, Zebra offers a variety of cables to match the pin outs of your data collection device (see your Zebra sales representative for a current list of available cables).

Wireless LAN Options

Zebra mobile printers offer the latest in wireless connectivity, from Bluetooth to 802.11b wireless LAN. Configure your printers with these wireless options today, or purchase an RW or QL series printer and upgrade to wireless connectivity later.

802.11b Wireless LAN (Symbol Compact Flash or Cisco® PCMCIA): RW and QL series printers offer the latest connectivity options today and are flexible enough to offer a migration path for when future standards are developed. PS 2100 series trans-portable printers offer integrated 802.11b radios for communication to the central server.

Handling Options

Enhance the convenience of your mobile printer.

WEARABLE			
	<p>Cases</p> <p>Add dust and rain protection to your mobile printer with an environmental case. By adding an extra layer of protection, your printer will be well prepared for the harshest environmental conditions. Cases are available for the:</p> <ul style="list-style-type: none"> • Cameo series (P/Ns: Cameo 2- DA15161-1 or Cameo 3- DA15421-1) • Encore series (P/N: Encore 2: DA13920-1, Encore 3: DA15052-1) • QL series (P/N: QL 220-DA16803-1, QL 320-DA16307-1, QL 420- DA16473-1) • RW series (P/N:AK17463-001) 	<p>Boots</p> <p>Expand the impact resistance of your Zebra Cameo and Encore mobile printers by adding a boot.</p> <p>RW series, QL series and PA/PT series printers come standard with rubber-infused housings for extra ruggedness.</p> <ul style="list-style-type: none"> • Cameo 2 Boot** DC15178-* • Cameo 3 Boot** DC15271-* • Encore 2 Boot DC15175-2 • Encore 3 Boot AN15230-1 • Encore 3N Boot AN15230-2 • Encore 4 Full Boot DC15249-1 <p>*See mobile price list for hole configurations</p>	<p>Holsters</p> <p>Add to the convenience of your TR 220 (PGP 1000) by providing users with a holster (P/N: 105822-008) to wear when the printer is not in use. The holster comes standard with a shoulder strap, waist strap, and leg strap, to meet the comfort needs of any user. By adding a holster, the TR 220 (PGP 1000) can be tucked away to free the hands for other aspects of the application.</p>
MOUNTABLE			
	<p>Vehicle Mounts</p> <p>Users can place a mount in their forklift or truck to provide convenient storage for their mobile printer while on the move. Mobile mounts are available for the RW 420, PA/PT series, QL 420, and Encore 4. Fanfold media bins are included in the mount kits for the RW 420, QL 420 and PA/PT.</p> <p><i>PA/PT Kit (P/N:52561):</i> Includes assembly bracket (flat mounting surface), bin, hardware. A u-arm bracket (P/N: 52563) can also be ordered for flexible mounting. Order this kit with your choice of power supply, the high-power DC adapter (P/N:52500) or the cigarette lighter adapter battery eliminator (52660).</p> <p><i>QL 420 Kit (P/N:DC16620-1):</i> Includes the assembly bracket, the u-arm bracket, the bin, and hardware. Order the mounting kit with one of three power supplies: (P/Ns: 12 VDC- CC16614-1, 9-30VDC- CC16614-2, 30-60VDC- CC16614-3)</p>	<p>PS 2100 Series Carts</p> <p>The PS 2100 series of transportable printers integrates up to two printers and a control module into one unit. This system can be mounted to a retail shopping cart or to a 5-wheel utility cart to roll printing functionality throughout your operation.</p> <p>Cart options</p> <p><i>Shopping Cart Mounting Kit (P/N:DC16481-1):</i> This kit allows retailers to add the transportable functionality of the PS 2100 series to their operation by using their own carts.</p> <p><i>5-Wheel Utility Cart (P/N: DC16519-1):</i> The 5-wheel utility cart offers users a simple way to put their printer on wheels.</p>	<p>QL Stand</p> <p>Users of the QL series of mobile printers can purchase a resting spot for their printer while not in use. These convenient printer stands (P/N: DA16269-1) also are a useful spot to place the printer while toggling through options or programming the printer. These stands are designed to accommodate any QL series mobile printer.</p> <p>QL printers also can be configured with a kick-stand option, as can be seen above on the QL 220, which props the printer on a flat surface. The kick-stand flips upward for use as a carrying handle.</p> <p><small>©2005 ZIH Corp.
